## TWENTY LIVES LOST

Steamer Providence Overturns and Sinks in the Mississippi.

## STRUCK BY A SQUALL

Only Eleven of Thirty-Two People on Board Survive—Steamer Was One of the Fastest on the Mississippi River.

Vicksburg, Miss., March 13.—The steamer Providence, plying between this port and Lake Palmyra, was overturned Wednesday by a sudden squall at Lone Landing, and 21 of her passengers and crew were drowned.

The ill-fated boat left here on her regular trip, carrying a large miscellaneous cargo of freight and a number of passengers. At 2 o'clock Wednesday morning, just as the steamer was entering Lake Palmyra, a sudden wind and rain storm of cyclonic proportions came out of the west, catching the Providence broadside on. The little vessel was lifted almost entirely out of the water, her upperworks blown away and the hull turned bottom up in 40 feet of water. Most of the crew and passengers were asleep at the time and were drowned like rats in a trap. Only nine of the entire boat's company were saved. The property loss will amount to several thousand dollars. Messrs. Cassidy, Scott, Roup and Lancaster were all married men and have large families.

A steamer carrying caskets and divers has left here for the scene, and will attempt to recover all the bodies. The following were victims:

Captain William Cassidy of Vicksburg, master.

Charles Roup of Vicksburg, chief engineer.

Clyde Scott of Vicksburg, cottonseed buyer.

Dr. N. A. Lancaster, a prominent physician and planter of the Palmyra neighborhood.

The following were negroes:

George Lamb, cook.

Harrison Gelber, cabin boy.

Bettie Hunter, chambermaid.

Joe Neal, rouseabout.

Ike Lewis, rouseabout.

Tom Scott, rouseabout.

Whit Burns, rouseabout.

Six unknown rouseabouts.

Minnie Taylor, passenger.

Joe Christian, passenger.

Ben Richardson, passenger.

The rescued were J. B. Johnson,

pilot; Walter Kain, clerk, and J. M. Wilkinson, mate, and eight negroes.

The survivors reached here late Wednesday afternoon, coming overland, a distance of about 40 miles.

The Providence was built at Lyons, La., in 1886, and had been in the trade here for some years. She was about 120 tons burden, and was considered one of the fastest stern-wheelers on the lower river.

The Belle of the Bends is overdue from Greenville, but other boats moved on time.

SWEPT BY A CYCLONE.

Several Persons Killed in Mississippi and Much Property Ruined.

Vicksburg, Miss., March 13.—A cyclone swept through the southern and end of Copiah and northern section of Lincoln counties, killing at least a half dozen people and leveling buildings, trees and fences.

Montgomery, a village in Copiah, on the Illinois Central road, was the worst sufferer and four bodies are known to be under the debris of the collapsed buildings.

Three miles further south a railroad camp was wrecked and three negroes killed.

A passenger train on the Illinois Central was struck by the storm and every window in every coach blown in.

At Hazlehurst considerable damage was done, but no lives lost.

Wires are down which prevents further particulars.

Severe Near Brookhaven.

Brookhaven, Miss., March 13.—A windstorm amounting almost to a tornado passed near here Thursday. The residence of William Neville, two miles west was unroofed. Mrs. Neville was hurt badly and the negro cook dangerously.

Four miles north of here, at Montgomery, a negro woman was killed by a falling tree and a railroad laborer had his leg broken. The residence of Mrs. Isaac Smith and T. W. Bouchillon were demolished. The school house was blown from its foundation and several other buildings damaged.

Two Women Arrested.

Guthrie, O. T., March 13.—Word has been received at the governor's office of the arrest at Gainesville, Tex., of Blanche Conrey and Lydia Harlan, wanted at Chandler, O. T., charged with the murder of 18-months-old Ruth Harlan by poisoning in a hotel at Stroud. A \$300 reward has been offered by the governor for their arrest and conviction.

## CHINESE EXCLUSION

Senate Committee Agree on the Mitchell-Kahn Measure.

## IT KEEPS THEM OUT

A Clause in the Measure also Excludes Them from the Philippines—A Clash in the House Over the Pacific Cable Question.

Washington, March 13.—The senate committee on immigration has agreed to report the Chinese exclusion bill known as the Mitchell-Kahn measure. It is substantially the same as the modified bill submitted by the Pacific coast committee, only a few verbal corrections having been made. The committee agreed to retain the provision of absolute exclusion of Chinese from the Philippines, taking the ground that the United States wanted to retain the Philippines for the Filipinos, and that the latter were much opposed to the admission of Chinese as were Americans.

That section excluding Chinese sailors from ships of American register also was retained in the bill with a provision that in case of emergency the captain of a vessel may ship a Chinese crew for the voyage.

The penalty for persons whose duty is to deport a Chinese person, and who refuses or neglects promptly to perform such duty is fixed at a fine of not less than \$1000 nor more than \$5000 or by imprisonment for a term of not less than one year, or by both fine and imprisonment.

The duty of returning the Chinese immigrants is imposed on the master, owner, consignee or agent of the vessel and on the railway corporation, its general officers or agents and the owners, general officers and other transportation lines or modes of conveyance bringing him to the port at which entry is denied him.

Aiding in the escape of Chinese held in detention is made a felony punishable by both fine and imprisonment. A new provision applies to the exclusion provisions of the bill to Chinese who enter as merchants, students, etc., and become laborers.

Gorman's Credentials Presented.

Washington, March 13.—At the opening of today's session of the senate, Senator Wellington of Maryland presented the credentials of Arthur P. Gorman, elected senator from Maryland for the term of six years beginning March 4, 1903. They were read and filed.

Mr. Hale of Maine presented the conference report upon the diplomatic and consular appropriation bill. The report was agreed to without comment.

In reporting the Hepburn bill for the construction of the isthmian canal, without amendment, and with recommendation that it pass, Mr. Morgan of Alabama said that the report of the committee would be ready in a day or two.

Burleson's Resolution Ordered Reported.

Washington, March 13.—The resolution of Representative Burleson of Texas, asking the secretary of state for information as to the requests by Rev. Hiram W. Thomas to bear relief to Boer concentration camps, has been ordered reported upon by house committee on foreign affairs. A letter from Secretary Hay has been presented by Chairman Hitt, explaining the circumstances of the case.

Another Clash in the House.

Washington, March 13.—General debate on the postoffice appropriation bill continued Wednesday, a number of topics being discussed. The proceedings were enlivened by a clash between Mr. Corliss of Michigan and Mr. Richardson of Alabama on the subject of the Pacific cable. This is the second time they have closed over the cable question.

Agree on Nicaragua Route.

Washington, March 13.—The senate committee on isthmian canals has decided by a vote of 7 to 4 to report the Hepburn bill providing for the construction of an isthmian canal via the Nicaraguan route.

Spanish Cabinet Will Resign.

Madrid, March 13.—When Premier Sagasta informs the cabinet that the resignation of Senor Urza, the finance minister, is irrevocable, all the other ministers will resign. Senor Sagasta has notified the queen regent of the action of the ministers.

Three More Roads Withdraw.

St. Louis, March 13.—At a special meeting of the Southwestern Passenger bureau here the Chicago, Rock Island and Pacific, the Chicago, Rock Island and Texas and the Texas Pacific railways served notice of withdrawal from the bureau.

Advice About Marrying.

New York, March 13.—Rev. Dr. Rainsford advises people not to marry on \$10 a week, the average wage, because the taxation system makes the cost of living too high in New York, and declares that the poor suffer most from bad cooking.

Fancy prices make the things they eat better. This is a very erroneous and expensive notion.

Prices are often the result of high rents, clerk hire, etc. If your grocery bill is too large it will pay you to examine our stock of groceries and the low prices we make on them. They are fresh, pure and wholesome. They please our old customers and if you will let us send a trial order we will please you.

### Farmers' Congress Proceedings—A Valuable Book.

The farming, horticultural and  
livestock features of Texas are  
presented in some of their most  
interesting and progressive phases in  
the proceedings of the Fourth Annual  
Session of the Texas Farmers' congress,  
which have recently been published  
in a book of 194 pages. While much  
of the proceedings were published in  
the press of the state, still from the  
nature of the case these publications  
could only be in part. The questions  
asked and the answers given drew  
forth some of the most instructive  
and entertaining features of the congress,  
and generally these direct efforts  
to secure special information from  
men who had achieved success could  
not be printed in the state papers  
because of the space required for  
their expression. The congress  
deemed it advisable to publish the  
proceedings of the fourth annual  
session in book form, and practically  
complete, because from the nature  
of the program it is impossible for  
any one person in attendance at the  
congress to hear more than a portion  
of the discussions that are carried  
on in several places throughout the  
day, and that the progressive people  
of Texas may acquire a just view  
of the scope and usefulness of these  
annual meetings, and that the many  
valuable papers may be preserved  
for a more general perusal and  
for future reference.

Independent meetings were held  
at the A. & M. College in 1901 by  
the truck growers, dairymen, cotton

### CLEW TO MURDERS.

Officers Allege a Woman Admits Being  
Implicated in Various Crimes.

Beaumont, Tex., March 13.—Accord-  
ing to officials a neg. woman has con-  
fessed to Sheriff Lindley that she was  
at the head of a gang of negro women  
and white men who had for months  
been luring men into her house, drug-  
ging them, beating them and robbing  
them. If they were only stunned they  
were taken out of the house to a  
remote part of some street and left  
for pedestrians or policemen to find.

A fear is felt that more than 12  
men among those who have come to  
Beaumont and were afterward reported  
as "missing" have been murdered  
and that their bodies are now at the  
bottom of the river. In the last three  
months at least 50 inquiries for missing  
men have been received and while no  
one supposes that the gang has mur-  
dered that many there is a fear that  
some of the disappearances are due  
to their work.

Five bodies have been found in the  
river since the first of the year.  
The woman was arrested Sunday on  
suspicion of being connected with the  
murder of Benjamin Pearson, one of  
the five known victims. She denies be-  
ing guilty of this crime, but admits  
that one of the gang of which she is a  
member discussed the circumstances  
of the deed. On the strength of her  
confession, a white man and a negro  
woman have been arrested. All of  
them have been "sweated" and Sheriff  
Lindley states that he expects a full  
confession not only of the murder of  
Pearson, but of others.

### TAX OF RAILROADS.

Iowa Legislature Working on a Law Re-  
quiring Better Assessment.

Des Moines, Iowa, March 12.—By a  
vote of 33 to 9 the senate passed the  
ways and means committee bill for  
the taxation of railroad property on a  
basis of stocks and bonds, net and  
gross earnings and physical condition.  
The measure requires publicity of the  
records of the executive council in  
making the assessment and its reasons  
for reaching results. An effort to sub-  
stitute the Nichols stocks and bonds  
law of Ohio for the committee measure  
failed. It is predicted that the mea-  
sure will pass the house also.

The house committee on railroads  
has voted to report for passage of the  
Carter bill reducing the passenger fare  
on railroads in Iowa to 2 cents a mile  
and to report without recommendation  
the Donahue bill to require railroads  
to furnish all public officials with  
passes.

### WALDERSEE NOT COMING.

His Wife Is Afraid American Hospitality  
Would Kill Him.

New York, March 13.—Count von  
Waldersee has postponed his journey  
to the United States for a year, says  
a Herald dispatch from Berlin. An  
amusing story is going about to the ef-  
fect that Countess von Waldersee,  
reading the accounts of what happened  
to Prince Henry and the almost super-  
human efforts he was called upon to  
make during his visit, has become  
much alarmed lest anything like it  
should fall to her husband's share, so  
the story goes. Countess von Walder-  
see, who is anxious about her hus-  
band's health, resolved that the Amer-  
ican trip about which she was enthusi-  
astic recently, be deferred until the  
American pro-German enthusiasts  
have time to cool off.

### Candidate for Commander.

Waco, Tex., March 13.—Sul Ross  
camp, United Sons of Confederate Vet-  
erans, nominated Tom P. Stone, com-  
mander of the department of Texas, to  
be national commander and sent let-  
ters to all Texas camps asking for co-  
operation toward the election of Com-  
mander Stone.

### Common Law Marriages Invalid.

Richmond, Va., March 13.—In the  
case of Field vs. Davis, appealed from  
the circuit court of Green county, the  
state supreme court of appeals handed  
down an opinion affirming the lower  
court's decision and holding that a  
common law marriage in Virginia is  
invalid.

### Doorkeeper Glenn Dead.

Washington, March 13.—Doorkeeper  
Glenn of the house of representatives,  
died Wednesday afternoon of acute in-  
flammation of the lungs.

### Cotton Buyer Takes Morphine.

Huntsville, Ala., March 13.—R. F.  
Hunt, a cotton buyer, of New Hope,  
Ala., committed suicide in Huntsville,  
Tuesday night, by taking morphine. He  
had been despondent.

Madisonville in Madison county.  
The citizens will donate right of

which will be through a very level  
country.

### Farmers' Congress Proceedings—A Val- uable Book.

The farming, horticultural and  
livestock features of Texas are pre-  
sented in some of their most inter-  
esting and progressive phases in  
the proceedings of the Fourth An-  
nual Session of the Texas Farmers'  
congress, which have recently been  
published in a book of 194 pages.  
While much of the proceedings were  
published in the press of the  
state, still from the nature of the  
case these publications could only  
be in part. The questions asked  
and the answers given drew forth  
some of the most instructive and  
entertaining features of the con-  
gress, and generally these direct  
efforts to secure special information  
from men who had achieved suc-  
cess could not be printed in the  
state papers because of the space  
required for their expression. The  
congress deemed it advisable to  
publish the proceedings of the  
fourth annual session in book form,  
and practically complete, because  
from the nature of the program it  
is impossible for any one person in  
attendance at the congress to hear  
more than a portion of the discus-  
sions that are carried on in several  
places throughout the day, and  
that the progressive people of  
Texas may acquire a just view of  
the scope and usefulness of these  
annual meetings, and that the  
many valuable papers may be pre-  
served for a more general perusal  
and for future reference.

Independent meetings were held  
at the A. & M. College in 1901 by  
the truck growers, dairymen, cotton  
growers, beekeepers, poultrymen,  
fruit growers, floral association and  
the Woman's Industrial associa-  
tion.

The printed proceedings contain  
the best features of each of these  
meetings. Some of the subjects

## IRELAND VISIT IS OFF

King and Queen of Great Britain Will Not Go There.

## BOYCOTT IS ALLEGED

It is also Said the Cheer of the Irish in the House of Commons Over General Methuen's Defeat Had Weight With Them.

London, March 13.—The official announcement Wednesday of the abandonment of the proposed visit of King Edward and Queen Alexandra to Ireland, whereby the ministers assume the responsibility for an imperial boycott, is quite unprecedented in form and causes keen discussion, the general tone of which is interpreted as displaying petty spite and spleen. The suggestion sought to be conveyed, both by the announcement itself and comment of ministerial organs, that the decision arrived at was directly due to the outburst of some of the Irish members of the house of commons when news of the disaster to General Methuen's column was officially communicated to that house, is declared by hostile critics to be obviously false, as it was announced weeks ago the visit would be postponed. These critics also assert there seems good reason to believe their majesties themselves all along desired to carry out the coronation visit, and though they have deferred it on the advice of the ministers, they have no intention of relieving the latter from the onus of the tactless move.

The Freeman's Journal voices the Nationalist views, saying: "The ministers have put a veto on the intended visit of the sovereign to a portion of his dominions. It will be difficult for his majesty to reject the veto of his constitutional advisers; but, to be plain, he insisted the responsibility should be theirs and not his. His ministers could not venture to allow the king to see with his own eyes and hear with his own ears of the barbarous methods of the castle and the deep resentment of his people. His presence here would have been a sore encumbrance to the Coronationists. There was imminent danger his visit might have converted him to home rule or confined his existing conviction. Therefore the ministers in their own interest, and in the interest of the Unionist have forbidden the visit."

The London Times prints a letter dissenting from the suggestion that if John Redmond had been in the house of commons when some of the Irish members cheered the announcement of General Methuen's defeat and capture, he would have rebuked his followers for their outburst of exultation. The writer refers to the meeting at Chicago last summer, "in honor of the Manchester murderers," which Redmond addressed, and to "proceedings which were officially opened by Finerty."

After quoting the resolution passed at that meeting and also referring to a speech at New York, in which Redmond was quoted as advocating the hanging of Chamberlain, the writer asks "Why should a man holding such opinion restrain the rejoicing of his followers at a British defeat?"

## Methuen Reported Released.

London, March 13.—War Secretary Broderick announced in the house of commons that he understood that General Methuen, who was captured and severely wounded by General Delarney, March 10, has been released and was expected to arrive at Klerksdorp, Southwestern Transvaal. He said the general's condition was favorable. Mr. Broderick added that the exchange of General Methuen for Commandant Kritzinger had not been contemplated. The trial of the commandant had been postponed because evidence presented had not been completed.

Timothy M. Healy, Irish Nationalist, amid Nationalist cheers, invited the government to show equal magnanimity and release Commandant Kritzinger. Mr. Broderick said subsequently the telegram received did not specifically say Methuen had been released, but from the fact he was in the hands of a British medical officer, it was presumed the general had been released.

## Physicians to Tuberculosis Congress.

Austin, March 13.—The governor has appointed the following physicians state delegates from Texas to the American Congress of Tuberculosis, to be held in Washington, D. C., May 14 to 16, 1902: Drs. W. H. Allen, Marlin; I. P. Sessions, Rockdale; M. M. Smith, Austin; J. M. Ingre, Denton; T. P. Stalculp, Jefferson; H. A. West, Galveston, and F. Paschal, San Antonio.

## Katy Loses Smallpox Case.

Austin, March 13.—Motion of new hearing was overruled in the case of the M. K. and T. railway vs. H. D. Wood et al., from Hunt county. This is the case where the supreme court held that the railroad company was liable for allowing a smallpox patient to escape from its care and communicate the disease to Wood and family.

## Smallpox in the Panhandle.

Austin, March 13.—Reports received at the state health department are to the effect that smallpox is prevailing in the Panhandle to a great extent. State Health Officer Tabor left to make an official investigation.

## Newspaperman Suicides.

New York, March 13.—Andrew J. Watrous, the well known newspaper man, committed suicide here by shooting. He had been suffering from insanity. Watrous came to New York 10 years ago from Philadelphia.

## RUSSIA AND JAPAN.

A Well Known Englishman Says War Between Them Sure.

Seattle, Wash., March 13.—Captain F. H. Smith, a well known Englishman, who arrived here on the Tosa Maru from Japan, declares war between that country and Russia is soon to come. "Trouble over Russian occupation of Manchuria is the cause of the trouble," said Captain Smith, "and Japanese are spoiling for a chance to whip someone. They are making all preparations for a scrap that must come very soon. When it does come England will be forced to help the mikado's army and war may involve all Europe."

"Russians are pushing work on the railroad across Manchuria, and to this Japanese have no objections. Russia, however, must defend the road against the attack of natives. Some 16,000 coolies are now employed in the work."

## BROKE INTO A BANK.

Six Men Loot the Bank After Blowing Open the Safe.

Joliet, Ills., March 13.—A band of six men, early this morning broke into the Exchange bank at Minooka, nine miles west of Joliet, wrecked the safe with dynamite and secured between \$2000 and \$3000 in cash. Theodore Krine, a citizen who heard explosions, rose from a sick bed and went to warn A. K. Knapp, the president of the bank. Robbers discovered Krins on his return and assaulted him viciously and left him gagged. He was not found until nearly two hours after. Robbers took a handcar on the Rock Island railroad and went west.

## Would Accept Cabinet Position.

Los Angeles, Cal., March 13.—William S. McCornick of Los Angeles, has telegraphed to Senator Thomas Kearns of Utah, at Washington, that he will accept the position of secretary of the interior in President Roosevelt's cabinet, should a vacancy occur through the resignation of Hitchcock. McCornick was asked before he left Salt Lake, March 1, if he would take the cabinet position, were it offered him, but he would not then make a positive reply.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even the greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get all of Dr. G. G. Green's reliable remedies at the Wilson-Jenkins Drug Co's. store, Bryan. ## IRELAND VISIT IS OFF

King and Queen of Great Britain Will Not Go There.

## BOYCOTT IS ALLEGED

It is also said the cheer of the Irish in the House of Commons Over General Methuen's Defeat Had Weight With Them.

London, March 13.—The official announcement Wednesday of the abandonment of the proposed visit of King Edward and Queen Alexandra to Ireland, whereby the ministers assume the responsibility for an imperial boycott, is quite unprecedented in form and causes keen discussion, the general tone of which is interpreted as displaying petty spite and spleen. The suggestion sought to be conveyed, both by the announcement itself and comment of ministerial organs, that the decision arrived at was directly due to the outburst of some of the Irish members of the house of commons when news of the disaster to General Methuen's column was officially communicated to that house, is declared by hostile critics to be obviously false, as it was announced weeks ago the visit would be postponed. These critics also assert there seems good reason to believe their majesties themselves all along desired to carry out the coronation visit, and though they have deferred it on the advice of the ministers, they have no intention of relieving the latter from the onus of the tactless move.

The Freeman's Journal voices the Nationalist views, saying: "The ministers have put a veto on the intended visit of the sovereign to a portion of his dominions. It will be difficult for his majesty to reject the veto of his constitutional advisers; but, to be plain, he insisted the responsibility should be theirs and not his. His ministers could not venture to allow the king to see with his own eyes and hear with his own ears of the barbarous methods of the castle and the deep resentment of his people. His presence here would have been a sore encumbrance to the Coronationists. There was imminent danger his visit might have converted him to home rule or confined his existing conviction. Therefore the ministers in their own interest, and in the interest of the Unionist have forbidden the visit."

The London Times prints a letter dissenting from the suggestion that if John Redmond had been in the house of commons when some of the Irish members cheered the announcement of General Methuen's defeat and capture, he would have rebuked his followers for their outburst of exultation. The writer refers to the meeting at Chicago last summer, "in honor of the Manchester murderers," which Redmond addressed, and to "proceedings which were officially opened by Finerty."

After quoting the resolution passed at that meeting and also referring to a speech at New York, in which Redmond was quoted as advocating the hanging of Chamberlain, the writer asks "Why should a man holding such opinion restrain the rejoicing of his followers at a British defeat?"

#### Methuen Reported Released.

London, March 13.—War Secretary Broderick announced in the house of commons that he understood that General Methuen, who was captured and severely wounded by General Delarney, March 10, has been released and was expected to arrive at Klerksdorp, Southwestern Transvaal. He said the general's condition was favorable. Mr. Broderick added that the exchange of General Methuen for Commandant Kritzinger had not been contemplated. The trial of the commandant had been postponed because evidence presented had not been completed.

Timothy M. Healy, Irish Nationalist, amid Nationalist cheers, invited the government to show equal magnanimity and release Commandant Kritzinger. Mr. Broderick said subsequently the telegram received did not specifically say Methuen had been released, but from the fact he was in the hands of a British medical officer, it was presumed the general had been released.

They are making all preparations for a scrap that must come very soon. When it does come England will be forced to help the mikado's army and war may involve all Europe."

"Russians are pushing work on the railroad across Manchuria, and to this Japanese have no objections. Russia however, must defend the road against the attack of natives. Some 16,000 coolies are now employed in the work."

Joliet, Ills., March 13.—A band of six men, early this morning broke into the Exchange bank at Minooka, nine miles west of Joliet, wrecked the safe with dynamite and secured between \$2000 and \$3000 in cash. Theodore Krine, a citizen who heard explosions, rose from a sick bed and went to warn A. K. Knapp, the president of the bank.
